system thus allows players of different ability to play evenly against each other.

## PLAYING YOUR SHOTS

Use the Power Bar on the right side of the screen to control the power of your shot.

To start your swing, press A. The Power Bar starts moving. When the sight reaches the desired power, press A again (or you will miss the ball completely). The Power bar moves in the opposite direction. Press A a third time when the sight is over the icons above the Power Bar.

For a straight shot, press A when the sight is exactly in the middle of the golf ball. Anything below this will hook to the left, and anything above will slice to the right. The amount of hook or slice depends on the distance from the center. It you press A when the sight is over the question mark, you will hit a random shot. If you don't press A at all, you will hit the ground and get a penalty shoke.

Chipper will let you know how well you did on each hole (especially if you've an awesome golfer).

At bee-off, the winner of the previous hole gets the first short. Otherwise, the leader starts fest, After see-off, the player whose ball lies farthest from the hole lists next. Note that lady players tee off slightly further forward than men, in all other aspects of the game, however, they are treated exactly as the men. (The distances shown on the signs are from the men's tee.)

To putt on the green, use the crossbar to line up your shot. The black line by the ball shows the direction of slope. The longer the line, the steeper the slope. Remember to compensate for the slope when aligning your shot and when deciding how hard to hit. When you are ready to putt, press A. The power bar moves. Prets A. again when the sight reaches the desired power. A third button push is not necessary while putting.

Pour commencer votre swing, applyez sur A. La baine de pulsancia se déprace. Lorsque vous voyez apparaître la force disente, applyed de nouveau sur A (ne munquez pes cette action sinon vous perdirec la bales). La baine de pulsancie se déprace tains la direction opposite.
